

## Rural Land Stewardship Area Restudy Public Outreach Schedule

As suggested by the Growth Management Oversight Committee, staff has scheduled most public workshops (through May) at the North Regional Park. The last two meetings are scheduled for the South Regional Library. Workshops are planned once a month to move the process along in a timely manner. We will calendar and notice each workshop. **Any change in meeting time, subject or location will be posted on the County Website.** The intent will be to engage the public, landowners and stakeholders in a series of public workshops to review the original plan and the 5-year review recommendations.

### *Overview of the RLSA, Facts and Perspectives*

*10 minute presentations by key stakeholder groups*

North Collier Regional Park, Exhibition Hall, **January 25, 2018, 6:30 PM**
